
Get Cheap Feed and Grow: Fish CD Key

Information: The game is very similar to Fish Feed, but you can now use "Power Bait" which is a special bait. When activated, the crystal will attract the fish and the fish will become gigantic. It will also eat smaller fish, and if the smaller fish don't fight back it will eat them too. All this happens with a double beat of the heart. As the fishery size of the monster fish increases the size of the harbor increases, and you will be able to catch bigger fish. Start with the "Feed" option. After you eat fish, you will be able to use the "Power Bait" to attract huge fish. If you eat the "Power Bait" with the monster fish in your game, it will be enlarged to colossal proportions. If you try to attack one of these fish, you will be eaten very quickly. Upgrade the power bait to increase the fishing capacity of the game. The more you eat, the more the monster fish will increase in size. The bigger the .
