How have you been? It's been a long time. I like you. You got a problem with that? It's a normal thing. It doesn't matter. You are not supposed to treat others as a commodity. -Buddha 11/16/2013 ??SMART CURRENT AFFAIRS CHECK!!! The Indian government's emphasis on economic growth has the support of the global elite. But its economic model is not supporting the common people as predicted. Let us discuss the issues related to Indian Economy in detail. . ? ??? Prime Minister Narendra Modi recently announced the 75 million rural jobs mission, with the intention of increasing employment in the country. . ??? The economic growth has been slowing down and the situation is set to worsen if the central government continues with its policy of going slow and steady. Just 10 years ago, the growth rate was around 7%. Now it is just 4%. There are many reasons that are at the root of the slowdown in the Indian economy, one of the biggest reasons is that India has missed its window of opportunity, as far as economic growth is concerned. To get a sense of what this means, let us look at the events that led to this economic meltdown. The Indian government is now changing its approach to the economy. Indian Economy on the Road to Ruin The government has been banking on the liberalization of the economy, which allows international companies to invest in India. But many of those investment projects were mishandled, so they either failed, and the government lost money on these failures, or, the projects simply did not take 2d92ce491b
