Dec 22, 2020 You no longer need to buy multiple versions of Cubase and Reason to take advantage of all their features. Steinberg has delivered the whole package with Cubase Studio 7 and Reason 9. You can use both programs at the same time without ever running into the limitations of any of the individual programs. And, the latest version of Steinberg Cubase and Reason gives you the power to create, collaborate and record to the full extent of your creativity. Cubase 7 and Reason 9 are the best of what you need for today and tomorrow! Cubase Studio 7 and Reason 9 Ultimate bundles deliver a powerful workflow solution that will serve you and your creative ideas for years to come. Cubase 7 is the first professional version of Steinberg's award-winning music production software, Cubase. It features a number of improvements over the previous version of Cubase, including: Cubase 7 Ultimate includes Cubase 7, Cubase SX, Cubase LE and the Soundbridge Studio Pack. Cubase 7 offers unlimited tracks, audio and MIDI. With its ability to handle large numbers of tracks, Cubase 7 provides the power to create, collaborate and record to the full extent of your creativity. Cubase SX includes 14 new virtual instruments for creating original soundscapes. Cubase LE (for iOS, Mac and Windows) includes eight new virtual instruments, plus three different types of scoring functionality, and is compatible with Apple's GarageBand for iOS. Cubase LE for Mac (included with Cubase 6) is perfect for musicians and songwriters who want to compose and record music in an intuitive environment on the Mac. Cubase SX 3 and Cubase SX 4 are affordable ways to enjoy Cubase SX while moving up from Cubase 6, and Cubase SX 3 includes the Cubase SX 3 effect set that lets you remix and pitch-shift. Reason 9: Reason 9 Ultimate is the first professional version of Reason, the world's #1 music production software for Mac and Windows. It includes Reason 9, the Reason Music Production Bundle (with Reason Essentials and Reason Keys), and the new Reason Rack Extension.
