The Clips4Sale Cloud Clips4Sale's cloud features two different environments. The first is the private platform, where only users with a 10-digit member ID can log in. The second is a public platform, which is accessed without a member ID. Public users can create, manage, and upload content, but cannot make money from it. That being said, the public platform is sometimes referred to as the affiliate platform because people can use it to promote your content. Once a public user has their own page, they can add affiliate links, also known as C4S links, to their content. When someone clicks on one of these links, they'll be taken to your Clips4Sale cloud profile where they can purchase your content. When a user is logged into
