

Features: NO RECOIL, SILENT TARGET, NO AUTOMATIC GUN SPREAD, RAPID FIRE, ESP, DEVELOPER NOTES: Some people get kicked and I think it's because of vote or script. ===== -I'm very happy with this weapon mainly because I only use it for targets that don't require very much hitting the target, if that's the case I use a thumb gun. It's slightly faster on target than any other weapon with the same damage, so I use it more often. -If you want to use this weapon to kill enemies faster and have more range, this is not an option.
