
Remove iCloud Activation Lock Without Password

Part 3: Contact Apple to remove Activation Lock from your device for you. With the new software update for iOS, 9.2 (and possibly later), you can remove Activation Lock from your Apple device by visiting Apple Support and completing an application in any of the following formats. If you're using an iPhone or iPad running iOS 8.4 or later, you can remove Activation Lock by following these steps: Make sure iCloud is enabled in the main menu. Tap Settings → iCloud → Activation Lock.
