Windows 7 AiO V7 French ^NEW^

Windows 7 AiO V7 French Microsoft recently released the new build of Windows 7, which was previously available as part of Windows Vista Service Pack 1. The new build is known as Windows 7 Service Pack 1 or SP1. The new build includes many improvements, fix some common issues along with some new features. The build codename is "AiO". A few days ago, the new build was released for the public to try out, and it currently available for testing. The build is available for both 32-bit and 64-bit. The build is available in 5 languages, French, German, British English, Canadian English and American English. It is also available for the following editions, Home Premium, Professional, Enterprise and Ultimate. The build is released along with Windows Server 2008, Media Center 2010,.NET Framework 4.0 and Adobe Reader 10. Check out this post to know more about Windows 7 Service Pack 1. Download the new build now if you're interested. The Windows 7 build is currently available in Japanese, Chinese and Korean. It will likely make its way to many other languages.
