
Cod4 Elevator Bot 48

Tasks, unlocking weapons/perks, and class creation as in regular CoD4. Camouflage and trials in ModWarfare mode. Sounds of pain. Sounds of death. Every day we learn more and more about the upcoming Operation Flashpoint update, which was named Resistance in honor of the game's release. Two months before the official announcement, Bethesda decided to familiarize the world with one of the main innovations - ModWarfare modes. For this purpose a number of videos demonstrating the gameplay was created. We've collected the most interesting of them in one material.
