### Lolicon-angel-episode-1 ~REPACK~

Kanae watched him silently. He had been for weeks. She wanted to be nice and she was trying to be, but something was there. She was just hanging out. A foreign planet. She called him "Peece-charms" in her head. She felt a strange pang of guilt at her presumption. As he sat down, he gave her a surly look. He hadn't seen the girls all that much. He knew they were there, but they were a little the worse for alcohol. "I was just going to get some air." He looked at her. He didn't know what to say. "No, I was just getting some fresh air." He called her a liar, she said nothing. He grabbed his bag and walked to her dorm, which was close to the fitness centre. He moved past a group of guys, "nice house, nice girls too!" "They're not like them." A small girl's voice croaked. Kanae felt her heart jump into her throat. It took a moment for it to sink in. No. "You should have heard them." She put her head down. "They were vulgar. They called me a fag." She could feel her cheeks burning and tears prickling her eyes. "They're just drunk." He said and Kanae couldn't help but agree with him. Takumi shook his head and went back inside. He slammed the door. He paced in his room, he was so angry, but he didn't know how to feel. He wanted to hug this girl. Tell her that she was a good person, but he just couldn't. They had been friends for months, they had known each other for years before that. But now he found he was frightened of her. One night they had sat in silence for five minutes. Kanae thought that it was for the best, she couldn't cope with what they had done. She couldn't think about it. But still she regretted it, the lasting effects were still there, she felt empty. He had been there for her. He had made her feel safe. He couldn't help it. He just couldn't anymore. She felt guilty, he was so nice to her. What had she done? She couldn't tell the Doctor. He would be furious.
