It is a fantastic program and would be a great piece of software to have in your backpack. The following is a list of software listed on Amazon. • Microsoft Word Suite • Microsoft Outlook • Microsoft PowerPoint • Microsoft Excel • Microsoft Access • Microsoft Publisher There are other programs, but these are the most commonly used and have a good selection of templates to choose from. You can save money by buying two copies of these programs. If you buy all software separately, you will spend around \$100, and together you can save over \$100. If you buy all of the Microsoft Office suites together, you can save even more money by doing so.
