I have a script that retrieves posts from a WordPress site by category, but how can I add pagination to it? Is there a pagination plugin for PHP that doesn't depend on the WordPress framework? A: You could look into using one of these frameworks, either one should get the job done. Zurb Foundation 3 Marketo Q: Update 5GB in 15 mins I would like to update 5GB of data in our MySQL database in 15 mins. What is the best way to schedule this task? A: It's always a good idea to use TRIGGERS to handle your data updates, but you can use some tools like MySQLWorkbench. Use that tool to automate the data synchronization from your production server to your test server. The main thing I would ask is: how do you 3e33713323
