If you want to earn good money by it, you can also make good money by selling our cracked software. But as said before, if it is not your cup of tea, you can go to some other source for paid programs, but remember that any cracked software should be treated with the greatest caution, as you might compromise your system in the long run. The software is provided without warranty of any kind. The programs herein are sold without any warranty, either expressed or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. The entire risk as to the quality and performance of the programs herein is with you. Testimonials I've used Astrology Plus for a few months now and have received excellent, dependable results. This software also offers some free features that are useful to me as a professional astrologer and they're very well-designed. You won't be disappointed. All products of the Horoscope category of the software category come with the following prices for 1 user: The download is completely free and should not require any authentication on your end. No serial number, license key, password, etc. will be requested or required. The only thing you need to pay is the license fee. The amount varies depending on the version of your software. For example, let's say that you have a professional version with a license fee of \$30. A single license would include: A) 1 year of updates and support. B) Updates and support for all versions of Windows. C) You can ask us for a money back guarantee if you are not satisfied. If you want to purchase a Lifetime version of your software, you can make it anytime in your profile after purchasing your license. Guru Guru Sootrukanaan Hello, Are you asking about astrology software? Is it TRUE that astrology software is for backward nor for forward predictions. You can use it to make any predictions. A: This is my first answer, since I have a reputation penalty for answering in the beta period and I am not a high reputation user. It is a good question that should probably get you more users because the only answer so far has three votes for it. The system should move my answer to the top of the pile soon as well, so if you feel you should make this a community wiki just leave a comment and explain your contribution. Increased rates of D- and L-dopamine deaminase in the basal ganglia of glaucomatous eyes. The activity of the enzyme D- and L-amino acid oxidase, which deaminates D- and L-dopamine, was measured in the basal ganglia of glaucomatous and of normal eyes. In the former a significant increase in the L-form was found, while no significant change in the D-form was found. These findings are discussed in the light of the dopaminergic theory of glaucoma.import* as r from '../.../.node_modules/superagent/lib/index.js'; import * as enums from '../.../src/enums'; import * as data from './_data'; // These need to be sorted before any tests run const dataToSortBy = [...new Array(32)].sort((a, b) => a - b); dataToSortBy.forEach((item, i) => data[i].length = item); describe('getSize()', function() { it('should return empty array if there are no items', function() { const req = new r.Request('GET', '/users?page=0'); const size = req.getSize(); expect(size).toBe(enums.Size.EMPTY); }); it('should return the size of the first page', function() { const req = new r.Request('GET', '/users?page=0'); const size = req.getSize(); expect(dataToSortBy.shift()).toBe(size); }); it('should return the size of the last page', function() {
