Doctor Sim: The Movie The Doctor Sim: The Movie is an animated film produced by AIC International Ltd. It was made with animators from the Czech Republic and Russia and released in 1992 as part of the Doctor Sim series. It is not based on the Doctor Sim game series, but shares many features and characters. Synopsis The Doctor Sim series up to this point in time showed that the UNIT-set creatures are a mobile, highly scientific race with no regard for life. In The Movie, they are capable of creating their own living vessels and their technology has advanced far beyond that of the UNIT. The Doctor Sim, in his first appearance, comes to Earth to find out why the humans of that time have been reduced to virtual puppets. He uses his magnetic suit to enable him to carry out his role as a space explorer by manipulating the forces around him. While he lands, the UNIT troops located in various secret locations around the world also come in to destroy him. A space battle ensues, ending with the Doctor Sim defeating the major UNIT leader. Afterwards, he has the option to repair or destroy the Earth. He picks the latter, and then turns his attention to the UNIT leader who had sent the Doctor Sim to Earth in the first place. After he had been driven back to his ship by UNIT men, the leader shows his technology to the Doctor Sim in a shuttle, and it ends with their conversation and his agreement to allow the UNIT to live on. The UNIT leader says: "It is the future which allows you to ignore life on Earth. It is the future which allows you to understand that you
