I suspect the reason it does is that there is no.. First, if an invalid focus first flash ms1690 is sent from the host, the scannerA . I know - it's not even March, but I'm already havin' a stash blast! ... havin' it again, really. I can't help myself. I really can't. I'll give it to you straight: I love me some yarn. However, with few exceptions, I don't always have the budget or the time to justify a yarn purchase that I might not really like. These stash busters are more along the lines of that - they'
