The result is a game that feels more responsive, more realistic and more reactive than ever before. (Watch the featurette below) Fifa 22 Free Download introduces an array of new features and the game improves on many areas of feedback coming from our fans. We've also listened to your reaction to a number of features that you'd like to see return, among them set-piece deliveries and classic free-kicks. They're returning in FIFA 22, and here's why: FIFA Ultimate Team (FUT) FUT Champions is coming very soon and offers an evolution to FUT as players will be able to compete in tournaments with their real-life counterpart. This is where we'll introduce Season-Born players and we'll be launching new stadiums. Players in FUT Champions will earn their place in the game with the help of FUT cards, which are being developed to have even more impact in gameplay. The new controller scheme is based on traditional left-to-right buttons, but we've also added a second D-Pad to offer precise control for fast-paced moments. Players now also have the ability to customize their cues and D-Pads, as well as setup custom triggers for a more personalized experience. New player contracts include a brand new Skills Transfer system, allowing players to sell their Skills to other FUT players, so you can earn even more cards from your transfers. The new skills range from free kicks to assist your teammates, to dribbling and pass one-touch. In addition, with the help of the new Social Club you can now place daily and weekly bids for other players to transfer to your club. FUT Champions will also feature a new style of play with Six-on-Six and only one team from the starting line-up. A host of brand-new gels and kits are also being introduced to improve gameplay and have a more accessible experience. Grab your squad of the greatest, most iconic and historical players and prepare for a new kind of FUT experience. New playmaker and special abilities New special abilities include the new Proximity Boost which will provide more time for attacks. Goalkeeper Tasks, Man of the Match (MET) and Custom Tactics have been completely redesigned to improve the tactical experience with simple-to-read displays to inform the player of what's about to happen
