Download Electronic Design Automation - Applications Data Modeling - Validation/Enhancement Methods - by G Lee Â· 2005All Unions St. Joseph's College is the finest Arts College in the country. This means that the vast majority of the students here are in it for the right reasons, which means that one of the first benefits is a rich environment of student leaders who have an interest in politics, the environment, a range of social issues, human rights, development, and the surrounding political events of Ireland and the world. Our tutors and tutors' assistants are eager to help you with your coursework and build a personal relationship with you. Unions has been vital to building a strong college. Laddan have contributed by being a member of the CSEU and our own GSU. The past and present Student Union presidents have played a large role in the development of the college, as well as the Student Representative Council (SRC) and the current President of the Student Union, Dr. Luke Gallagher. Our clubs and societies have been able to have a say in the development of the college as we see fit. The role of our unions is not only limited to the few events put on by the unions but also involves the very basis of running the college - the running of the clubs, societies, and the CotF itself. Some people may think that all our unions and our working lives can be summed up in to one union, the Student Union. That is

not the case! There are many unions that go around, those students who are involved in more than one are involved in a great amount of C.S.E.U (Central Student Executive) work and are put in to one of the departments of the union (like the Student Council, Media, Education, Housing, Union Comment, Social, etc.). Others are involved with committees and sections and have great involvement in the college. There are people who are involved in Development, the NUJ, and most are involved in the Social Club. There is an example of the type of work and involvement that unions do through the CotF (College Union Function). The Union Annual General Meeting (UAGM) is more than likely the biggest union event in the college calendar, and is not an easy event to get through! This is where we have meetings, debates, announcements, elections, seminars, films, and generally most of the year is put towards the CotF. It is also where a lot of d0c515b9f4
