FIFA is a series of association football video games published by Electronic Arts. The series was created in 1993 by EA Canada for the Sega Genesis console. A Virtual Boy port was also produced in 1994 and 1995. FIFA was a seminal game in the evolution of the sports game genre, expanding the gameplay of the genre by introducing new rules and gameplay elements, such as the goalkeeper's ability to save shots taken directly at them, the ability to cross the ball in a free kick, the concept of a shadow player, and a penalty shootout. These innovations proved popular, and the series has remained a staple of the sports video game genre since its inception. What is FIFA Ultimate Team? EA Sports' FIFA Ultimate Team is a digital collectible card game (CCG) within the series. It is based on the game's Ultimate Team mode, which allows players to assemble a team of players and items to compete against others in various game modes. Gameplay is simple; each player and each item has an attribute, or a rating. The higher an attribute rating is, the stronger the corresponding player or item. When a player is out of the game, the card placed in the Player or Item Slot loses that attribute rating. The challenge is to purchase as many Ultimate Team cards as you can afford, fill your team with the highest rated cards possible and finally "build" a team of the best players that will maximize your chances of victory. Ultimate Team mode is available in FIFA 19, FIFA 20, and FIFA 21. However, there have been changes to its attributes (e.g. there are only 9 cards available to buy). What does EA Rewards mean in FIFA 21? The new In-Game or Social features are designed to help increase the size of the game's community, as well as reward long-term and dedicated members of the community. FIFA Ultimate Team points, gained from playing the game, will be redeemable for rewards. In-Game Rivalries are back! Rewards will be offered to current and legacy FIFA 21 players for loyalty. Rivalries are back! Rewards will be offered to current and legacy FIFA 21 players for loyalty. FIFA Ultimate Team points will be redeemable for rewards in your EA account. FIFA Ultimate Team points will be redeemable for rewards in your EA account. EA Sports Season Medals will be given to players who have competed on 3 or more different seasonal FIFA Ultimate bc9d6d6daa
