Waves of
empowerment (WOF) in
an Iranian pilot's crisis
of competence: A phen
omenological-
hermeneutic study. To
investigate the cultural-
psychological
structures of
empowerment in crisis
of competence: a

phenomenon that Iranian pilots experience in the selection and training process of the first pilots. Seventeen Iranian pilots and 15 of their trainers participated in this study. Semi-structured interviews and a phenomenological hermeneutic analysis method were used in this study. Some meaningful personal,

social and cultural
cultural themes in daily
life, experts' influence
and professional
socialization, and flight
situations emerged
from the interview
data. Mapping this
research results via a
phenomenological
hermeneutic analysis
led to the emergence of
three main themes,
called 'standing in a
wave of empowerment'
, 'standing in a wave of

fear', and 'standing in a wave of change'. This study highlights the importance of positive and negative influence on pilots in the selection and training process. It also highlights the importance of supportive and transforming communication. The aforementioned cultural-psychological and socio-psychological factors

and their interaction led to the meaning of "standing in the wave of empowerment". At the EKU March Festival of Bands, Becca Watkins and Brent Fehrkamp will lead the duo in a new cover of Chris Isaak's song "Wicked Game," a tune that they first heard at an all-day party in the fall, where they played a set and met. "We got to the point where we

were like, 'We need to record this song,' and that was a really fun experience for us because we were a little nervous about it," Watkins said. Watkins describes the duo, which also contains Watkins' brother Jonathan Watkins, as "a country and western band" with an emphasis on "a lot of soulful stuff" like Train and Van Morrison. Brent

Fehrkamp plays the steel guitar, and the trio sing lead vocals on the cover, which was recorded at the Breeden Performing Arts Center. "It's a good mix," Watkins said. "There are a lot of positive things about it, but it's a challenging thing to do because we don't have enough of it." This is my texture pack. I've got a few colors for the color

scheme, but I can change it out if you like a new color better. I've got a few places with errors, so you should see them when you use this. This pack also has all of the colors
